**Governor's Message**

Well top of the morning to all of you! Happy St. Patrick's Day to all! This month brings us the luck of the Irish. We have fun during the course of the year doing our projects so invite a new possible member to enjoy themselves with you.

I would like to thank everyone involved in making the Midwinter a great success. We were honored to have Lion Jim Canon, who gave us many new ideas for membership. I would like to congratulate PCC Linda Maggs on making this Midwinter a memorable one. Congratulations go out to Zone Chair Lion Melanie Pendleton and Zone Chair Joseph Fazzino as recipients of the International President Appreciation Award.

All of the Lions in 23A, I applaud each one of you for the hard work and dedication you put into being a Lion. Our goal is to grow membership since we are down by 57 members. We together can turn this around after all this is a lucky month. So I ask you to please try to invite a new member to join in your festivities.

Our New GMT is PCC Linda Maggs; please feel free to contact her with any issues or new ideas for Lions. She will be happy to assist our Zones and your membership chair to improve our growth. She is a great asset for our district.

The Lions Women and Family Symposium is Saturday, April 11, 2015 from 9am to 2pm at Wesleyan University. Please look for a listing of the seminar topics which will be available for members of your community. Your club will be receiving the seminar listings shortly. I encourage you to review it and feel free to attend.

To every club I have visited and for those I will be going to this month. Thank you for all your hospitality and new friendships that I have established in your club.

Together, we will educate our Connecticut communities about what LIONS DO!  
Together, we strengthen the Pride.

Wishing you all luck and health!  
DG Kathy Patterson, 23A
